

Dear Residents:

Throughout the pandemic, 90 George has endeavoured to adhere to current public health guidance. Recent relaxations to public health guidance through Ontario's Reopening Ontario Act will apply to our condo.

Effective immediately, capacity limits and vaccination requirements for our gym and pool are lifted. Residents are also no longer required to register their gym or pool visit ahead of time with the front desk. (This mirrors relaxation of these rules at public gyms and pools.)

Residents with a high-risk medical condition may book a private session in the gym during off hours. To book a private session, please contact Frank Orleck at the Front Desk Mon-Fri 8 am - 4 pm at [frontdesk@90georgeliving.com](mailto:frontdesk@90georgeliving.com) or at 613-680-5781.

Vaccination requirements for corporation employees and contractors have also been lifted.

Please note that other public health guidance is still in force:

Masks must still be worn on all common areas, including the lobbies, hallways, elevators, stairwells, garage and amenities, unless swimming or actively exercising. The usual exemptions apply. Self-screening questions are posted at all entrances for any non-resident entering the condominium.

The Board will continue to monitor changes to public health guidance and adjust accordingly as the pandemic continues to evolve.

Thank you for your cooperation and understanding.

Warm Regards,

**Melody Brown**

Property Manager, Condominium Management Group,

"As agent only" for OCSCC No. 815 , March 4, 2022
